

RONCÚS

Pinot Nero

Indicazione Geografica Tipica – Venezia Giulia*

Pinot Noir is a high quality international grape that is not easy to cultivate and transform into wine. But it is a wine every winemaker aspires to produce. Though inspired by Burgundy wines, our Pinot Noir is a distinct expression of the Collio and our love of its wines.

Composition

100% Pinot Noir.

Vineyard

Mossa – Gorizia, Friuli Venezia Giulia.

Soil

Grown on flat and shallow stony soil.

Viticulture

Organic grassed vineyards, manually harvested at the beginning of October.

Winemaking

Pressing, then fifteen days for maceration of skins and stalks. Spontaneous fermentation occurs with native yeasts at 24° C. to complete malolactic fermentation.

Ageing

Aged in 5 hectolitre French oak barrels for ten months.

Bottling

Non-sterile filtration. Bottled in summer.

*Indicazione Geografica Tipica (IGT) is an official Italian wine classification. It specifies the geographic area of production and indicates its making follows the standards of that area.
